February 25, 1999.

Take notice that on February 18, 1999, Reliant Energy Gas Transmission Company (REGT), 1111 Louisiana Street, Houston, Texas 77002, filed in Docket No. CP99-220-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations (18 CFR 157.205, 157.212) under the Natural Gas Act (NGA) for authorization to operate meter station facilities in Union County, Arkansas, under REGT's blanket certificate issued in Docket Nos. CP82-384-000 and CP82-384-001, pursuant to Section 7 of the NGA, all as more fully set forth in the request that is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm>. (call 202-208-2222 for assistance).

REGT proposes to operate a 2-inch I-shape meter station which is being installed under Natural Gas Policy Act Section 311 authorization for the delivery of gas to Reliant Energy Arkla (Arkla), a distribution division of Reliant Energy, Incorporated, which is the parent company of REGT. It is stated that the meter station will be used to deliver gas being transported under Section 311 as well as Part 284 of the Commission's regulations. It is asserted that the facilities will accommodate deliveries of up to 50 Dt equivalent of gas on a peak day and approximately 18,250 Dt equivalent on an annual basis. REGT estimates the construction cost at \$1,583, and states that it will be reimbursed by Arkla for the Cost.

It is stated that REGT's FERC Gas Tariff does not prohibit additional delivery points. It is explained that the volume of gas delivered to Arkla will be within Arkla's existing contract quantity and that REGT has sufficient capacity to accomplish the deliveries without detriment or disadvantage to its other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
